

Schedule

updated

The schedule on SIGAA is wrong

We only have classes on Thursdays (according to the document Turmas_salas_docentes_2021_01)

Notes

Compared to the initial, wrong, schedule, we have 4 classes less

To make things fit:

- I merged the several deadlines for handing in reviews/essay with the presentation of topics
- I dropped the topic of music perception - this is not my specialty, so I am not the best person to teach this topic. Some colleagues of mine will teach about this topic in other courses. In a previous run of the NeuroArte course, a Ph.D. student presented her research into music perception. I will put her presentation on SIGAA for those who are interested, but this topic will not be assessed in the exam.
- I dropped a separate date for a question session, but there will be an opportunity to ask questions before the exam
- I put the topic of Evolution of art together with the Introduction
 - Both topics were available in the first week, and each is quite short - together they make up a full lecture
- Some topics will be shortened a little bit, compared to the original plan

BACHARELADO EM NEUROCIÊNCIA	DAMCZC008-13SB	Neuroarte A-diurno (São Bernardo do Campo)	quinta das 08:00 às 10:00, semanal	diurno	2-0-2	RICHARD HENRIKUS AUGUSTINUS HUBERTUS IACORS	RICHARD HENRIKUS AUGUSTINUS HUBERTUS IACORS
